

Nilfisk Eliminator II HEPA Filter Wet/Dry Vacuum

Three-stage filtration system includes disposable bag, a main filter and a HEPA filter

The versatile Eliminator II industrial vacuum cleaner is ideal for wet or dry collection of dust and debris. A 12-gallon capacity collection container and efficient motor ensure minimal maintenance. The multi-stage filtration system features a HEPA filter that captures 99.97 percent of dust and debris, down to and including 0.3 microns. As a member of the Nilfisk-Advance Eliminator family of vacuums, all filters, accessories and hoses are interchangeable within the line.

Features and Benefits

- Easy to empty 12-gallon collection container with integral drain hose for simple disposal of wet materials
- High-powered motor provides excellent performance while maintaining low noise levels
- Robust, thermoplastic design prevents corrosion and provides durability
- Three-stage filtration system features an optional 7.25 gallon disposable bag, a main filter and a HEPA filter
- Wheeled trolley provides maneuverability
- Innovative float valve automatically shuts off vacuum performance when container is full
- Vacuum is packaged with standard set of accessories

Nilfisk Eliminator II

A durable solution for rugged environments

Specifications

Data	Units	Eliminator II
Voltage @ 60Hz	volts	120
Power	watts	1350
Current Draw	amps	11.2
Waterlift, max	inches of H2O	88
Airflow, max	cfm	89
Noise Level @ 3' 3"	dB(A)	65
Filter Area, main filter	sq. in.	225
Filter Area, HEPA	sq. in.	1007
Optional Dust Bag Capacity	gallons	7.25
Tank Capacity	gallons	12
Dimension (l x w x h)	inches	24 x 17.25 x 36.5
Weight	pounds	35
Cord Length	feet	50
Filter Efficiency, HEPA	DOP-tested	99.97% @ 0.3 microns

Standard accessory kit includes:

10' hose with curved aluminum wand, 2 extension wands, dust brush, crevice nozzle, and a floor tool with 3 inserts
